East Greenwich, Rhode Island · Remote

I design and build digital tools that make complex systems feel clear, fast, and human.

Senior product designer with 8+ years on data-dense SaaS at eMoney Advisor, and an independent designer and developer since 2005. I work across the whole arc, from research and design systems to the front-end and WordPress code that ships it.

01 EXPERIENCE

eMoney Advisor

May 2018 – Present

Senior Product Designer — Aug 2026 – Present
Senior UX Designer — Sep 2021 – Aug 2026
UI/UX Designer — May 2018 – Sep 2021

- Lead designer for Decision Center, a planning workspace used live in client meetings: one canvas of charts, timelines and tables, plus a scenario drawer for what-if comparison.
- Designed accessible, data-dense components and chart patterns now reused across eMoney teams.
- Partnered with product and engineering to bring new reports into the interactive space and introduce automation through eMoney Insights.
- Led a deep dive on eMoney's UX process and its fit with Scaled Agile.

> **eMoney Design Toolkit (2026)** — designed and built a Figma plugin for Kyber design-system audits, system-aware AI generation, Jira/Confluence integration and batch reports.

andrewclemente.com

Jan 2005 – Present

Independent Web Designer & Developer

- Full-stack creative services for clients worldwide, from UI/UX and front-end design to development and deployment.
- **TinySlate** (2025–26): designed and shipped a commercial Mac app for video editors with AI footage search (Electron, React, TypeScript).
- **Kingston Chamber Music Festival** (2025): sole designer and developer of the festival's WordPress site — concerts, artists, tickets, venue access and giving.

02 ADDITIONAL EXPERIENCE

Common Cause · Contract Web Developer — Aug 2018 – Jun 2026
Designed and built campaign sites (Democracy Scorecard, Safe Voting Now, Defend Our Constitution) with representative lookups via Google Places and Civic APIs.

ActBlue · Contract Web Developer — Oct 2017 – Jun 2023
Built the Year in Review sites, $2 Billion milestone microsite, Support Portal and blogs; deployed and managed their server environments for nearly six years.

Groups Recover Together · Contract Web Developer — May 2023 – Aug 2026
Maintained multiple WordPress properties: template updates, campaign landing pages and marketing design.

North Sails · Web Program Manager — Feb 2016 – Feb 2018
Led a multilingual WordPress site (1.5M+ pageviews/yr) with eCommerce for 1,000+ products across 30+ price regions.
